

Science Department

Summer Assignments 2023

Earth Science (freshmen)

No assignment

Biology Ascademic and Honors

No assignment

AP Biology

I have posted the summer assignment on Google classroom. Join the class using class code [glpam56](#). (The first assignment is due on June 30)

Chemistry A

No assignment

Honors Chemistry

No assignment

AP Chemistry-

Students will be given a summer packet this week. I shared the pdf "AP Chemistry Summer Assignment 12" with you.

Physics:

[TinyURL.com/PhysicsSummerAssignment](https://www.tinyurl.com/PhysicsSummerAssignment)

AP Physics: Join our class on google classroom using the following link

<https://classroom.google.com/c/NTU0MzE0NDg4OTk5?cjc=pdgqtbfb>

I have posted the instructions for the summer assignment on google classroom. Print of the packet and complete the assigned problems; much of the packet is filled with example problems and topics that I won't spend a lot of time covering in class, I will expect that you know how to do these coming into the course. We will review some of the assigned problems the first days and will have a quiz on the topics the first week. Email me with any questions or concerns.

Honors Physics:

[TinyURL.com/PhysicsSummerAssignment](https://www.tinyurl.com/PhysicsSummerAssignment)

Anatomy & Physiology Please join the [google classroom](#) using code gjavcfz and complete the 2 assignments by Sept 11th. **You will need your A&P textbook for this assignment**
