

Science Department Summer Assignments 2024-2025

BIOLOGY

Anatomy & Physiology

Read chapter 2 and the first half of chapter 3 of the Anatomy and Physiology textbook. Use the information to complete the notes found on the Google Classroom (code will be emailed to you) . **Notes must be printed and completed on paper.** You will be tested on this material during the week of Sept 9th. This is almost entirely a review of material you will have already covered in Biology and Chemistry, but you may be rusty. Please take the time to refresh your mind and email me with any questions. Failure to pass these tests will result in you being removed from the class.

Biology Academic & Honors - no summer assignment

AP Biology

- Summer Assignment is on Google classroom. To join my Google classroom use code **wfm47ft**

CHEMISTRY

Chemistry Academic & Honors - no summer assignment

AP Chemistry

- A hard copy of the summer packet is distributed to students. Ms. Poplaski has the file for new students.

EARTH AND ENVIRONMENTAL

Earth Science (freshmen) - no summer assignment

Environmental Science (11-12th gr) - No summer assignment.

PHYSICS

Physics Academic No summer assignments

Honors Physics: "[Radius of the Earth](#)" - [TinyURL.com/PhysicsSummerAssignment](https://www.tinyurl.com/PhysicsSummerAssignment) Due by August 10th - You'll need between 6 & 10 hours to complete the assignment. It is HIGHLY recommended to complete this project in June, and as early as possible. For questions, email Mrs. Lindholm at JLindholm@thsrocks.us
Google Classroom code: **ekk7mxb** (Visit Classroom.google.com, add class, enter code.)

AP Physics: You need to join the google classroom for AP Physics using the following code link:

<https://classroom.google.com/c/NjgwNTE5NzEyMTY1?cjc=pcrbgbl>

From this link you will see the instructions for the summer assignment. We will have a summer assignment quiz during the first week of school. This material is the basics for starting our class next year so we can appropriately cover all the materials. Reach out to me with any questions at my email: cklepeiss@thsrocks.us
